LEGENDS LIVE FOREVER

The T. Barry Knicker Co.

*We are the Original and the Best.
That's all there is to it.*

For thirty years and counting we have maintained tradition and quality ensuring that our heritage goes into every quality inspected garment. We created an industry and a reputation for tailoring to Golf Professionals and Celebrities alike.

We were the company that made Payne Stewart's first pair of Knickers. Bob Hope personally chose our company to dress him in the camouflage outfit he wore to entertain our troops overseas.

Our new line embodies the essence of tailoring for the distinguished look that is observed by all of those who know the difference.

T. Barry's

A Journey of Passion

By Catherine Kelly

Over 34 years ago, Tim Barry left the position of Head Professional at Mission Hills Country Club to pursue his passion for keeping Elegance and Tradition in the game of golf.

"There is a fine line between Class and Clown" Mr. T. Barry would always say as he took every opportunity to align himself with only the best manufacturers, personalities, and quality people who knew the difference.

Along the journey, Mr. T. Barry found that his finely constructed garments attracted an elegant class of clientèle, including many of his favorite boyhood idols. Now he wasn't only reading about them, but living, laughing and libating with them. Oddly enough, these same people were enjoying his attention to detail, commitment to quality, and even his quick and humorous personality.

The preservation of Tradition and Elegance of the game has been challenged by many over the years. Not in the form of competition to Mr. T. Barry, but in the form of lower pricing, which was achieved by our competitors through cutting both Quality and Elegance in the process.

The distinguished T. Barry look resonates with the timeless Class and Elegance that associated the T. Barry name with a higher class of clientele so many years ago. Our commitment to quality is steadfast and unwavering.

We are proud to have our garments made in America with attention to detail the "Old Fashioned Way".

To this day, T. Barry insists on custom fitting every garment for every client to create a customized look of elegance and unparalleled presentation that has made The T. Barry Knicker Co. so sought after and highly esteemed.

A Truly Fine article of attire. Made in America for over 34 years.

**"THE CAP"**
A HISTORY OF GRIT

As a boy I grew up with an image of our American heroes that included times that went back to the immigrants, the years of the depression, pre and post war. This era brought to my mind a group of men that endured hardships and absolutely refused to give up. When I started golf at age 10, this cap represented Ben Hogan and with it came the Grit and Determination of an American hero and boyhood idol.
